**GEORGIA MOTOR VEHICLE
ASSESSMENT MANUAL FOR
TITLE AD VALOREM TAX**

**STATE OF GEORGIA
DEPARTMENT OF REVENUE
MOTOR VEHICLE DIVISION**

How to Determine the Taxable Value for TAVT

For a new motor vehicle, the greater of the retail selling price or, in the case of a lease of a new motor vehicle, the agreed upon value of the vehicle pursuant to the lease agreement, or the current taxable value as listed in the **2014 Georgia Motor Vehicle Assessment Manual for Title Ad Valorem Tax** pursuant to Code Section 48-5-442, less any reduction for the trade-in value of another motor vehicle and any rebate or any cash discounts provided by the selling dealer and taken at the time of sale. The retail selling price or agreed upon value shall include any charges for labor, freight, delivery, dealer fees, and similar charges and dealer add-ons and mark-ups, but shall not include any extended warranty or maintenance agreement itemized on the dealer's invoice to the customer or any finance, insurance, and interest charges for deferred payments billed separately.

In other words, this new rule now requires the dealership to compare the value listed in the assessment manual with the retail selling price (on the in case of a lease, the agreed upon value). Whichever value is greater, minus any trade-in and rebates or cash discounts is the taxable amount. The tax rate is 6.75% of the FMV for 2014.

For used vehicles or vehicles being transferred from another State the FMV is the value listed in the 2014 Georgia Motor Vehicle Assessment Manual for Title Ad Valorem Tax minus trade-in for dealer sales. If not listed in the assessment manual, use the greater of the value from the bill of sale or the "average trade-in" from the NADA guide, January 1, 2014 edition, minus trade-in value for dealer sales.
